SOWING THE SEEDS OF SUCCESS

AN INJURY TO ONE...

... is an injury to all.

Last Monday morning, Special Ed teachers across the district were asked to complete a form on each student assigned to them with a short deadline of Nov. 30th. In addition, SpEd teachers at Cunningham were given a shifting and unreasonable deadline to complete additional paperwork, including writing ELD goals for EL students in Speech.

TTA worked with Human Resources and the Special Ed office to:

- 1) extend the deadline for Cunningham teachers' additional work, and
- 2) ensuring Extra Work agreements for teachers who need to work beyond contract hours to complete the form management requirements.
